PROFILE

Hardworking College Student seeking employment. Bringing forth a motivated attitude and a variety of powerful skills. Adept in various social media platforms and office technology programs. Committed to utilizing my skills to further the mission of a company.

PROFESSIONAL EXPERIENCE

Backend developer

- Karachi
- Designed and built 2 Laravel web applications, implementing RESTful APIs, role-based authentication, and normalized MySQL schemas.
 - Developed 1 ASP.NET MVC application with SQL Server integration and secure authentication flows.
 - Delivered 2 full-stack MERN projects (Node.js/Express, MongoDB, React) featuring responsive UIs and JWT-based authentication.
 - Optimized backend performance through query tuning and basic caching, and maintained code with Git-based workflows and unit tests.
 - Key technologies: PHP, Laravel, ASP.NET, Node.js, Express, React, MongoDB, MySQL, REST APIs, Git.

EDUCATION

Aptech, Karachi

ACCP AI
Diploma in Information Systems Management and Higher Diploma in Software Engineering.
Relevant coursework: software development (PHP, JavaScript), database design (MySQL/SQL), web frameworks (React, Node.js), algorithms, and AI fundamentals.
Completed capstone projects developing fullstack web applications with RESTful APIs and responsive frontend interfaces, applying PHP/Laravel and MERN stack technologies.
